

LESLEY PLUS

Order No. 6510

The Lesley Plus rescue gloves are designed to offer the highest protection, while keeping great comfort and excellent dexterity.

OUTER SHELL

Back:

Elastic textile – permeable, comfortable PA/Kevlar® reinforcements with foam filling

Palm:

Synthetic leather – sensitive, strong, abrasion-resistant PA/Kevlar® reinforcements with foam filling

REINFORCEMENTS

Reflective reinforcement with foam filling – protects knuckles and back of the hands.

PA/Kevlar® reinforcements with foam filling and synthetic leather reinforcements on back – protects knuckles, palm and area between the thumb and index finger.

Anti-slip reinforcements on fingertips for excellent grip.

LINING

Kevlar® lining with fiberglass in the palm – increased cut resistance, stays permanently attached at fingertips - does not pull out.

Advanced stitching techniques make the lining stay inside.

CUFF

Flexible cuff finished with elastic wristband to stop ingress of dirt.

CARE AND MAINTENANCE

Machine washing up to 104 °F (40 °C) and use mild detergent and no bleach. **Do not tumble dry.** Hang dry.

104 °F

PROTECTION FROM MECHANICAL RISKS

Abrasion resistance 4 (max)

Cut resistance 5 (max)

Tear resistance 4 (max)

Puncture resistance 4 (max)
